Mission

To provide the highest quality education and training to our students, faculty, staff and community.

Vision

Be the model for academic excellence, student-focused service and community engagement.

Strategic Plan Initiatives:

- Deliver innovative education and training to elevate students within the workforce or to facilitate their transfer to a university.
- Be the leader of expanding opportunities for student access and success.
- Build organizational capacity to increase impact throughout the region.

Core Values

Teamwork
Excellence
Respect
Responsibility
Accountability
