

Transfer Tips & Degree Planning Guide

Planning to transfer? Follow these steps to stay on track.

Understand Your Transfer Credits

Know before you apply

Official transfer credit evaluations are completed after you:

- apply and are admitted to the college
- Submit official transcripts from all previous colleges to the records department

Want an estimate first?

Use Transferology to explore how your courses may transfer.

Transferology®

Meet With Your Transfer School Early

Plan Ahead

Connect with your intended transfer institution before registering for classes to:

- Choose transferable general education courses
- Get a program plan/sheet from transfer school to assist with advising
- Complete prerequisite classes
- Stay on track for your degree or program

Track Your Progress in Degree Works

Monitor your progress in your Terra State program at any time

- View completed courses
- See courses in progress
- Track remaining degree requirements
- Review incoming transfer credits
- Run a “what if” analysis for other degrees or certificates
- Generate evaluations on demand

Access Degree Works

Log in to review your degree audit

1. Visit my.terra.edu
2. Select Links
3. Open Banner Self Service
4. Log in with your Terra State email and password
5. Open Banner
6. Select Student
7. Choose Degree Works

Save Your Course Syllabi

Keep copies of every course syllabus

Some colleges require course syllabi when determining transfer credit. Saving your syllabi now can make the transfer process easier later.
