Notes:

Ohio residency for tuition purposes eligibility criteria are established by State of Ohio Law and Ohio Board of Regents regulations, not by Terra State. Terra State cannot alter or waive these eligibility criteria for any reason.

Under Ohio law, if you have moved to Ohio primarily for the purpose of attending an Ohio institution of higher learning, then you are not eligible for in-state tuition. Despite the length of time you attend Terra State or live in Ohio, you may not qualify for Ohio residency for-tuition-purposes. Living in Ohio for a year or longer is not an automatic qualification for in-state tuition.

You must provide evidence proving intent to remain permanently in Ohio. You must prove through official and/or legal documents that you have moved to Ohio permanently and not merely living in Ohio temporarily while you attend Terra State.

Financial hardship cannot be considered in evaluating Ohio residency for tuition purposes eligibility.

Legal ties that you have established to another state or country (e.g., state tax liability, a driver's license, voter's registration, etc.) will disqualify you from residency reclassification, regardless of your reason(s) for having established these ties.

Evidence that you are receiving out-of-state financial support in any way, either directly (e.g. tuition payments, parent PLUS loans, etc.) or indirectly (e.g., parent-purchased or co-purchased residences, parent-controlled financial portfolios), will disqualify you from Ohio residency for-tuition-purposes.

By signing below, I affirm that the information above and submitted in support of this application is true, complete and accurate. I understand misrepresentation of any information submitted may result in termination of In-state tuition classification.
